

BEAR GUN

Manual gun for low pressure paint spraying

Manual gun for low pressure paint spraying suitable in the construction sector for medium-large surfaces, for all liquid and pasty products with a grain size of up to 2.5mm. The gun has an ON-OFF remote control that works through the trigger of the lance. By opening or closing the gun valve it's possible to decide if activate or switch off the pump connected. It's suitable for the Mistral pump and other peristaltic pumps from the main brands in the field.
