

PNEUS MINI

Professional paint spraying systems for pipes

Airless high pressure spray gun ideal for internal painting of pipes. These painting systems are designed and manufactured with a compact and robust gun body, while all parts in contact with the material are in stainless steel. It can work with pipe from a minimum diameter of 45mm to a maximum of 200mm. Moreover, thanks to the 360° nozzle, the Pneus Mini is able to cover, in only one passage, the complete inner surface of the pipe. 400 Bar. Sizes suggested for the 360° nozzle are: 11/110 - 13/110 - 15/110
